Section 1

1.1 What environmental and/or social characteristics are promoted by this financial product?

No Such Ventures B.V. (“No Such Ventures” or “the Fund”) promotes social & environmental characteristics through No Such Friends of Goboony Coöperatief U.A., thereafter (“the financial product”). In this regard, the Fund makes investments in businesses that are aligned with the following themes, and further also engages the businesses it has invested in to include these principles in their business strategy.

Furthermore, No Such Ventures uses the Sustainable Development Goals (SDGs) and concurrent sub-goals, as defined in the 2030 Agenda for Sustainable Development at the UN Sustainable Development Summit in New York City, USA on September 25, 2015, to indicate the E&S characteristics promoted by the financial product.

For the financial product No Such Friends of Goboony Coöperatief U.A. the E&S characteristics promoted are:

- **SDG 12: Ensure sustainable consumption and production patterns**

- 12.2 By 2030, achieve the sustainable management and efficient use of natural resources
- 12.5 By 2030, substantially reduce waste generation through prevention, reduction, recycling and reuse

Given that the financial product represents a company operating at a business lifecycle in the private sector, which can be labeled as early stage with minimal information available from comparable financial products, No Such Ventures does not use a reference benchmark for the prescribed environmental and/or social characteristics.

1.2 What sustainability indicators are used to measure the attainment of each of the environmental or social characteristics promoted by this financial product?

The sustainability indicators used to measure the attainment of each of the environmental or social characteristics promoted by the Fund are:

- **SDG: 12**
 - Material footprint, material footprint per capita, and material footprint per GDP
 - Domestic material consumption, domestic material consumption per capita, and domestic material consumption per GDP
 - National recycling rate, tons of material recycled

1.3 What are the objectives of the sustainable investments that the financial product partially intends to make and how does the sustainable investment contribute to such objectives?

Not applicable.

1.4 How do the sustainable investments that the financial product partially intends to make, not cause significant harm to any environmental or social sustainable investment objective?

Not applicable.

1.5 How do the sustainable investments that the financial product partially intends to make, not cause significant harm to any environmental or social sustainable investment objective?

Not applicable.

1.5.1 How have the indicators for adverse impacts on sustainability factors been taken into account?

Not applicable.

1.5.2 How are the sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:

Not applicable.

Section 2

2.1 Does this financial product consider principal adverse impacts on sustainability factors?

No.

✘ Yes.

Scope: The financial product considers principal adverse impacts of its investment decision on sustainability factors. The present statement is the consolidated statement on principal adverse impacts on sustainability factors of No Such Friends of Goboony Namely:

Social and employee matters

- 10. Violations of UN Global Compact principles and Organisation for Economic Cooperation and Development (OECD) Guidelines for Multinational Enterprises
- 14. Exposure to controversial weapons (anti-personnel mines, cluster munitions, chemical weapons and biological weapons)

Greenhouse gas emissions

- 4. Exposure to companies active in the fossil fuel sector

Biodiversity

- 7. Activities negatively affecting biodiversity-sensitive areas

The financial product requests information on the following principal adverse impacts, as part of its standard due diligence when evaluating a new investment opportunity. No investments are made in cases if any potential investee has exposure to these principal adverse impacts, based on a qualitative assessment by the No Such Ventures investment team of the information provided by the company and information that is publicly available.

Specifically, No Such Ventures makes a qualitative assessment if the potential investment adheres to all indicators. This is assessed per indicator. If the potential investment adheres to the indicator, the potential investment scores “Pass”. If the potential investment does not adhere to the indicator, the potential investment scores “Fail”.

Where the investee does not have sufficient means of calculating these indicators, the financial product provides assistance to locate an appropriate solution to do so.

Information on the principal adverse impacts on sustainability factors is available in the ongoing reporting. Once reported, the financial product actively works to improve the performance of the investee on these indicators by providing advice to the investee during review meetings, which happen at minimum once every quarter.

Section 3

3.1 What investment strategy does this financial product follow?

The Fund aims to gain value by investing in privately traded shares of innovative, technology backed companies, based in the EU.

The Fund also takes into account the E&S characteristics as explained above, and prefers investments that additionally contribute to one or more of the environmental or social objectives of the sustainable investments that the Fund intends to make.

3.2 What are the binding elements of the investment strategy used to select the investments to attain each of the environmental or social characteristics promoted by this financial product?

A potential investee:

- Needs to be willing to communicate and/or share information regarding the Environmental and Social characteristics being promoted by the Fund
- Needs to communicate clearly on whether it also contributes to attainment of the environmental or social objectives considered by the Fund, as well as its capacity to

calculate and report its performance on the principal adverse impacts considered by the Fund

- Needs to commit to being open to an audit of its reported financial statements, governance mechanisms, and internal business processes, if required by the Fund
- Needs to commit to engaging with the Fund on improving its performance on the environmental and social characteristics being promoted by the Fund, by improving its internal processes, policies, and performance wherever relevant
- The investee should maintain Good Governance Practices, this mandatory article 8 sub 1 SFDR
- Needs to fulfill the criteria mentioned in the Exclusion policy (as defined in section 2.1)

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities.

The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

3.3 What is the committed minimum rate to reduce the scope of the investments considered prior to the application of that investment strategy?

Not applicable.

3.4 What is the policy to assess good governance practices of the investee companies?

Policy: Assessment of Good Governance Practices in Investee Companies

Objective: No Such Ventures (“the Fund”) recognizes the importance of promoting good governance practices within investee companies as part of its commitment to responsible investing. This policy outlines the approach and criteria for assessing the governance practices of potential investee companies, with a specific focus on promoting sound management structures, fostering positive employee relations, fair remuneration of staff, and compliance with tax regulations.

Scope: No Such Ventures, at the entity level, conducts a formal assessment of good governance practices of potential investee companies as part of its due diligence, prior to any investment.

Criteria: The assessment of governance practices will be based on the following criteria:

- 1. General good governance practices:**
 - Transparent decision-making processes
 - Effective risk management
 - Clear accountability structures
- 2. Shareholding & management structure of the investee.** Investee companies should have well-defined management structures that promote transparency, accountability, and effective decision-making. This includes:
 - Existence of a formal financial accounting & audit system
 - A shareholder agreement between key shareholders

- Compliance with all key legal requirements within the relevant corporate jurisdiction
- 3. Sound employee relations.** Investee companies should adhere to the importance of fair and ethical treatment of employees. This includes:
 - Existence of formal working contracts between the company all key employees, as well as which include appropriate employee protections (e.g. for holidays and sick leaves)
 - Respecting labor rights
- 4. Remuneration of staff.** Investee companies should establish remuneration policies that are fair, transparent, and aligned with performance and market standards. This includes:
 - All key management personnel
 - Board members
 - Remuneration practices to ensure they promote long-term value creation and discourage excessive risk-taking
- 5. Tax compliances.** Investee companies are expected to comply with applicable tax laws and regulations in all jurisdictions they operate in. This includes:
 - Compliance with local tax regulations
 - tax policies and practices to ensure transparency
 - Responsible tax planning (the timely filing of yearly corporate tax returns)

Monitoring and guidance: If an investment is made, ongoing monitoring, guidance and support will be performed to ensure that investee companies continue to uphold these standards throughout the investment period. Furthermore, No Such Ventures will transparently report internally on its assessment of investee companies: governance practices, employee relations, remuneration policies, and tax compliance.

No investments are made in cases where:

1. Potential investee companies do not provide necessary information for any of the above factors.
2. In cases where No Such Ventures considers that existing structures or policies do not meet commonly accepted market practices, without a credible reason to explain any divergences.

Review and Improvement: This policy will be reviewed once per year to ensure its effectiveness and relevance. No Such Ventures is committed to continuously improving its assessment practices and staying aligned with evolving best practices and regulatory requirements.

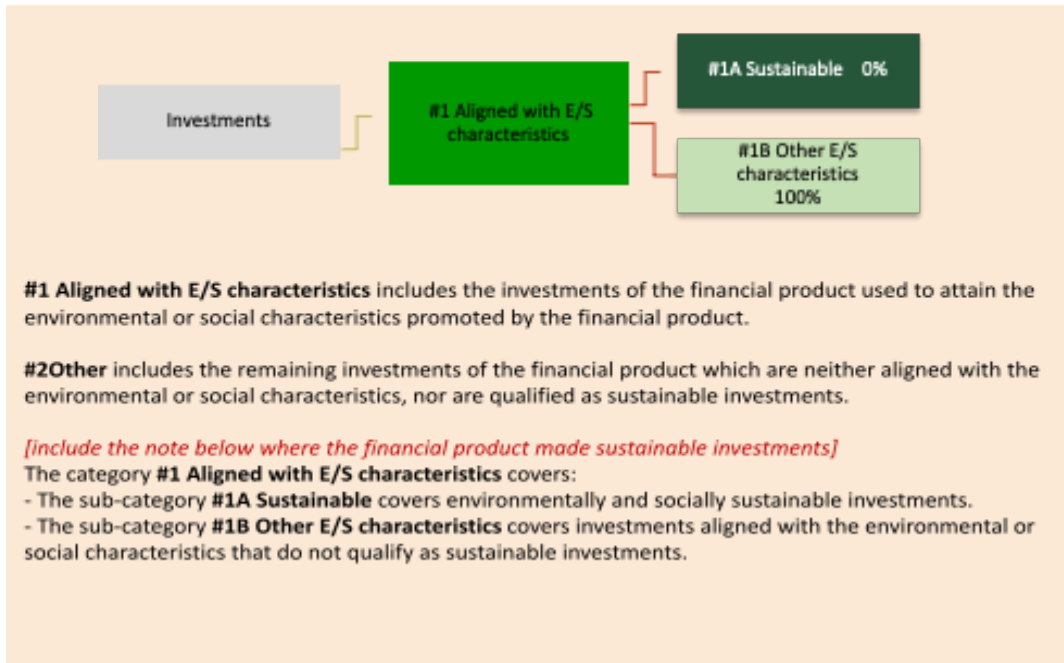

3.5 What is the asset allocation planned for this financial product?

The financial product intends to make investments with environmental and social (E/S) characteristics of at least 100%.

Derivatives are not used to attain the E/S characteristics promoted by the product.

The product does not intend to make sustainable investments.

[Include only relevant boxes, remove irrelevant ones for the financial product]

3.6 How does the use of derivatives attain the environmental or social characteristics promoted by the financial product?

Not applicable.

3.7 To what minimum extent are sustainable investments with an environmental objective aligned with the EU Taxonomy?

Not applicable.

3.7.1 Does the financial product invest in fossil gas and/or nuclear energy related activities that comply with the EU Taxonomy?

✘ No.

3.7.2 What is the minimum share of investments in transitional and enabling activities?

Not applicable.

3.7.3 What is the minimum share of sustainable investments with an environmental objective that are not aligned with the EU Taxonomy?

Not applicable.

3.8 What is the minimum share of socially sustainable investments?

Not applicable.

3.8 What investments are included under “#2 Other”, what is their purpose and are there any minimum environmental or social safeguards?

The investments included under “#Other” includes cash held as ancillary liquidity, and investments for which there is not sufficient data available to establish whether an investee meets the environmental and social characteristics being considered by the Fund, where the investee is found to meet an E & S characteristic not defined previously in this document, or for the purposes of providing diversification to the portfolio.

As minimum environmental or social safeguards, each of these investments need to follow the Exclusion policy of the Fund (as defined in section 2.1)

Section 4

4.1 Is a specific index designated as a reference benchmark to determine whether this financial product is aligned with the environmental and/or social characteristics that it promotes?

No reference benchmark has been designated for the purpose of attaining the environmental and social characteristics promoted by the Fund.

4.1.1 How is the reference benchmark continuously aligned with each of the environmental or social characteristics promoted by the financial product?

Not applicable.

4.1.2 How is the alignment of the investment strategy with the methodology of the index ensured on a continuous basis?

Not applicable.

4.1.3 How does the designated index differ from a relevant broad market index?

Not applicable.

4.1.4 Where can the methodology used for the calculation of the designated index be found?

Not applicable.
